OBJECTIVE

Aspiring **Software Development Engineer** with a strong foundation in computer science and hands-on experience in **full-stack web development**. Proficient in **Java**, **JavaScript**, and modern frameworks like **React** and **Next.js**. Passionate about solving complex problems and continuously improving skills through coding challenges and project development.

PROJECTS

Podcastr - [Github](#) — [Live Demo](#)

- Developed a **SaaS** platform enabling users to create and listen to podcasts using **AI-powered** text-to-speech.
- Integrated **OpenAI API** for **text-to-speech** and **text-to-image** services, enhancing user interaction.
- Achieved a **user base of 20+** with **15+ podcasts** created.
- **Tech Stack:** Next.js, TypeScript, Tailwind CSS, Clerk, OpenAI API, Convex, Vercel

LimeCase - [Github](#) — [Live Demo](#)

- Developed a comprehensive **e-commerce** web application enabling users to create custom phone cases with personalized images.
- Implemented a **drag-and-drop image uploader**, **real-time price updates**, and an **admin dashboard** for efficient order management.
- Integrated secure **payment processing** with Stripe and **user authentication** with Kinde.
- **Tech Stack:** Next.js, TypeScript, Tailwind CSS, Stripe, Kinde, Vercel

Fitness WebApp - [Github](#) — [Live Demo](#)

- Created a fully responsive web application providing **exercise recommendations** tailored to specific body parts and available equipment.
- Integrated Rapid API to fetch real-time exercise data, ensuring users have access to the latest fitness information.
- **Tech Stack :** React.js, Rapid API, Material-UI

EXPERIENCE

Computer Society Of India, UPES Chapter

Technical Core Committee Member

UPES, Dehradun
October 2021 – May 2022

- Developed and maintained the chapter's website, enhancing user engagement and event participation by 30%.
- Organized and facilitated technical events, workshops, and activities.
- Contributed to the planning and execution of UPES Hackathon 6.0 as a member of the Frontend Team, resulting in the participation of over 100 students.

SKILLS

Languages: Java, Javascript , HTML, CSS

Devops: AWS, Docker

Frameworks: ReactJs , NodeJs, NextJs, Tailwind CSS

Databases: MongoDB, MySql

ACHIEVEMENTS

- Solved **350+ LeetCode problems** on problem-solving and Data Structures & Algorithms (Easy: 110+, Med.: 200+, Hard: 35+), with a total of **500+ problems** solved across various coding platforms.
- Achieved **29th rank** out of 1300 students in the AMCAT technical phase exam at college, securing a seat in the **alpha batch** on both occasions the exam was conducted.

CERTIFICATIONS

- **AWS Academy Cloud Architecting** November 2023
- **AWS Academy Cloud Developing** November 2023
- **AWS Academy Cloud Web Application Builder** April 2024
- **AWS Academy Machine Learning Foundations** June 2024
- **Complete JavaScript Course: Beginner to Advanced (Udemy)** December 2023

EDUCATION

UPES, Dehradun

Bachelor of Technology, Computer Science

2021—2025(Expected)

Cgpa: 7.6

D.A.V Centenary Public School, Haridwar

2021

Class XII
